Since this application is being filed after June 30, 2003, the requirement for a copy of the U.S. patent publications has been waived. A copy of the foreign patent reference is enclosed.

This submission does not represent that a search has been made or that no better prior art exists. While the term "reference" is used in citing each of the publications called to the Examiner's attention herein, applicant does not make any admission that each or all of them are "prior art" references within the meaning of the statutory and case law.

Applicant reserves the right to contend, where appropriate, that if any of the references are asserted against any claim of the present application, it is not prior art under the facts and the law.

Applicant also reserves the right to present appropriate arguments and/or evidence to establish patentability over the references, should one or more of the references be applied against the claims of the present application.
